

GEEARS' Interactive Digital Voter Guide

Need more intel before you vote? In addition to our Likely Voters survey, GEEARS has created the [2022 Georgia Voter Guide on Early Childhood](#) to empower voters across the political spectrum to make informed decisions at the polls.

The Voter Guide includes:

- Key dates and information on the upcoming election ([click here](#))
- Who is running in 2022 and how elected officials at all levels of government can support early learning and healthy development ([click here](#))
- Questions to ask candidates ([click here](#))
- Get-Out-The-Vote resources specific to early childhood, including our social media toolkit ([click here](#))

Please share this resource with every voter you know— families, colleagues, neighbors, friends, and more. Encourage them to make a plan to participate in this year's election and remind them of the following dates:

- Early Voting: Now through November 4, 2022
- Last Saturday to Early Vote: TOMORROW, October 29, 2022
- General Election: November 8, 2022
- Absentee ballots must be received before the polls close on Election Day*

*Unless you are a military or overseas voter, your ballot must arrive within three days of the election.)

Our votes impact our children's futures. On November 8th, we have the opportunity to make our voices heard.

Use the [My Voter Page](#) to find early voting locations, a sample ballot, and more!
